Re: *In Re: CenturyLink Sales Practices and Securities Litigation*, Case No. 0:17-md-02795-MJD-KMM

Dear Judge Davis:

As mentioned at today's hearing, we are filing the attached letter on behalf of the additional clients listed in Exhibit A ("Arbitration Claimants"), who informed us that they would like to opt-out of the class-action settlement. Like those claimants mentioned in the prior letter to this Court (Dkt. 631), Arbitration Claimants were individual targets of unlawful billing practices by CenturyLink. The Arbitration Claimants retained Keller Lenkner to vindicate their claims against CenturyLink in individual arbitrations.

We understand that the issues raised in the prior letter (Dkt. 631) and this one are subject to the Court's upcoming decision on CenturyLink's pending motion to enforce the preliminary approval order. We do not intend to spark further briefing on this issue by submitting this letter, and we expect that the Court's ruling on that motion would also apply to this present letter. For the reasons stated in the prior letter and related briefing (Dkts. 631, 690) as well as the points raised at today's hearing, we respectfully request that the Court grant these clients the right to opt-out of the class-action settlement via this request.

Sincerely,

Warren D. Postman
